INVISIBLE & VERSATILE

K-Tip System

Keratin Tip Extensions, also known as K-tip, is an individual extension that is applied using a heating tool. K-tips are ideal for fine to medium-haired clients and are extremely versatile with maximum movement. Our K-tips can be re-tipped and reused.

REVOLUTIONARY WEFTS

Weft System

The DreamCatchers Wefting method is one of the newest systems we offer. Our wefting system is a single weft of hair that is sewn in through a beaded foundation.

Our wefts are 30 grams - 11" wide and are so delicate and thin. You are getting all the quality of your hand-tied but it is actually Machine-tied, which means it can be cut. You can also notice there is no beard or return on our wefts.
